Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Registers/Login - Enters learning topic - Starts emotion scan	- Reviews AI feedback - Receives learning support - Continues lesson	- Completes session - Views progress - Gives feedback
Touchpoint <i>What part of the service do they interact with?</i>	- Web/App interface - Camera - Login page	- AI emotion detector - Gemini AI - Learning dashboard	- Progress report - Recommendations - Feedback form
Customer Thought <i>What is the customer thinking?</i>	- Need personalized learning - Will it understand me? - Easy to use?	- Is the suggestion accurate? - Am I improving? - Helpful support	- I learned better - Satisfied - Will use again
Customer Feeling <i>What is the customer feeling?</i>	Curious & Hopeful	Engaged & Confident	Satisfied & Motivated

Process Ownership <i>Who is in the lead on this?</i>	Frontend + Google Cloud AI	Backend + Gemini AI	Analytics & Reporting
Opportunities <i>How can we improve this stage?</i>	• Improve onboarding • Faster emotion detection • Simple UI	• More accurate AI • Personalized content • Low latency	• Progress insights • Download reports • Continuous feedback
